

Switch and Innovate

Optimize your resources to focus on what matters most to your business.

Overview

Don't let your Access Management solution keep you from investing your time and resources in strategic initiatives. Switch from Okta to OneLogin Workforce Identity solutions and experience how you can easily manage and protect access for your internal users.

If you are currently using Okta to manage up to 5,000 internal users, we would like to extend an offer to deploy OneLogin Workforce Identity solutions within your organization. This offer is limited and won't last forever - act quickly so your organization can take advantage of it.

Offer Details*

- 25% improvement on the annual costs of your current Okta Workforce products with equivalent OneLogin Workforce Identity solutions. (Partner margin available.)
- Complimentary Professional Services (as outlined below) to enable a faster OneLogin deployment, facilitate knowledge transfer and speed up time to value. Professional services required beyond those outlined below will be offered at a 20% discount from list price.

PROFESSIONAL SERVICES DEPLOYMENT PACK

Planning Services	Engagement length	Up to 4 weeks
	Directory deployment plan	One directory
Deployment Services	User management & provisioning	Up to 1 application
	MFA configuration	Yes - 1 application
	Policy setting	Yes - 1 application
	Integrated Windows Authentication (IWA)	Yes
	Sandbox/Test configuration	Yes
	Application configuration and rollout	Up to 8 Apps (SAML, OIDC)
	Custom connector	No

***Additional Offer Information:**

- Only out of the box directories are available for configuration – Active Directory, Azure Active Directory, G Suite, LDAP, Workday, UltiPro, Namely and BambooHR.
- Office365 provisioning requires Active Directory and/or DirSync to be in place.
- Selected applications must exist currently in the OneLogin application catalog.
- Custom connectors are form-based connectors only and are subject to target system capabilities.
- IWA only, not IIS-based Desktop SSO.
- Not included in Professional Services Deployment Pack:
 - Trusted IdP and Proxy Agent setup
 - Self-registration workflow configuration
 - Creation of custom connectors and reports
 - API and embedded deployments
- External use cases are not included in this offer.
- Two-year minimum OneLogin contract required.
- Offer valid to organizations based in the USA, Canada and EMEA.

Contact us at sales@onelogin.com to learn more about how we can help you switch to OneLogin so you can start taking advantage of the benefits we can offer you today.

About One Identity

One Identity delivers unified identity security solutions that help customers strengthen their overall cybersecurity posture and protect the people, applications and data essential to business. Our Unified Identity Security Platform brings together best-in-class Identity Governance and Administration (IGA), Access Management (AM), Privileged Access Management (PAM) and Active Directory Management (AD Mgmt) capabilities to enable organizations to shift from a fragmented to a holistic approach to identity security. One Identity is trusted and proven on a global scale – managing more than 250 million identities for more than 5,000 organizations worldwide. For more information, visit www.oneidentity.com.
